

OUR STORY

The Arrero Perfume Training initiative was launched in 2010 by Arrero, to develop skills and entrepreneurship within the Fragrance Sector. The initiative gives entrepreneurs the unique opportunity to create and launch their own perfume business in the shortest possible time with the least amount of financial wastage.

The learning platforms created by Arrero includes One-on-One training & online training solutions, thus contributing towards the advancement and improvement business skills of South African entrepreneurs.

This is a Proudly South African initiative
